

Corporate Social Responsibility Annual Report 2018 - 19

President Message:

At YIND Corporate Social Responsibility is to ‘add value to life’ to bring sustainable development with inclusive growth. The company’s philosophy has always been to be a partner in the development of the community by ensuring overall development and bringing about a perceptible change in the lives of the communities we are associated with. We are very certain that with our conviction and values we will succeed in creating prosperity in areas around us.

What could be a better reflection of this commitment than seeing our colleagues go an extra mile to participate in CSR Volunteering actively in different programs -

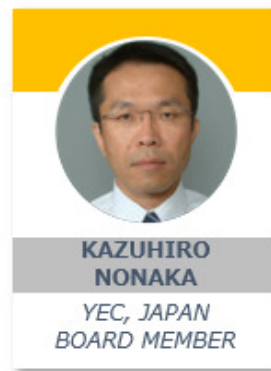

- Our **Education** initiative which focuses on improving the academic & skill development, engaged in disbursing computers at school & building better infrastructure as improvement initiatives continue to enhance the learning environment for the students.
- Our employability initiative which aims to address high rate of unemployment & lively hood earning. The initiative supports **Women Empowerment** by providing training & machines on Tailoring skills.
- Our **Health** initiative which aims to curb malnutrition, facilitated availability of clean drinking water by providing RO water purifying system to school children to preventive/curative health services
- Our **Environment** initiative which promotes environmental consciousness among colleagues encouraged sapling plantation and distribution of renewable energy products like solar water heating system covered under environmental awareness program.

I look forward to the continued commitment, feedback and support from all key stakeholders, partners, collaborators and associates in this journey towards excellence for enhancing quality of life of communities and earning our right to co-exist with them in harmony.

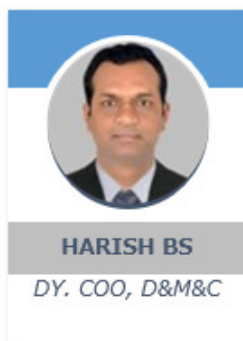

Akinori Urakawa
President & CEO

Management CSR Committee & Leadership Team

Sarvan Kumar
Company Secretary

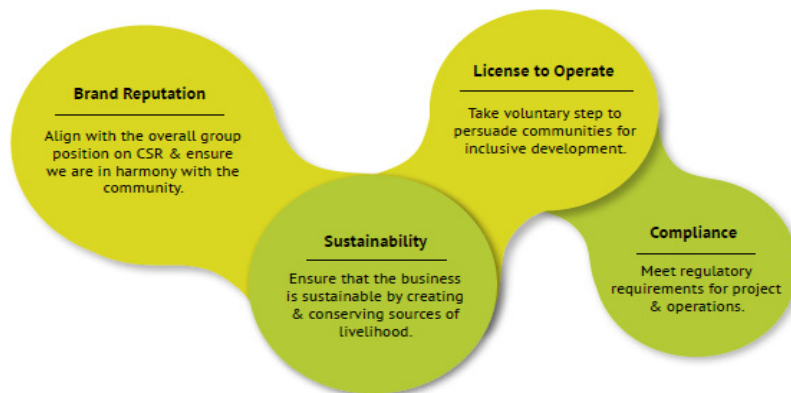

Lead Volunteers Team

Purpose of CSR

Promote the concept of 'leadership with trust' working with local communities and other key stakeholders for ensuring continuous and smooth operations.

Outreach & Our Presence

YASAKAWA India business & presence is spread across the country reaching out Customers & providing supporting the neighborhood in the lives of the communities we are associated with. PAN India presence helps in engaging with diverse social groups and maximizing social welfare footprint by deploying Common Minimum Programmes across these locations. At Bangalore is the Corporate office & AC Drives Manufacturing center, Robotics Division Head office at Gurgaon, Sales & Service offices at Ahmedabad, Chennai, Mumbai, Pune, Nasik, Raipur, Kolkata

The underlying goal in all of the interventions is to transform the lives of the community through result oriented participatory approach. The efforts are directed towards inclusive growth so as to reach out to the most vulnerable communities and help them build a better tomorrow. All our community development projects work with the concept of 'Leadership With Care' at their heart, which translates as care for community.

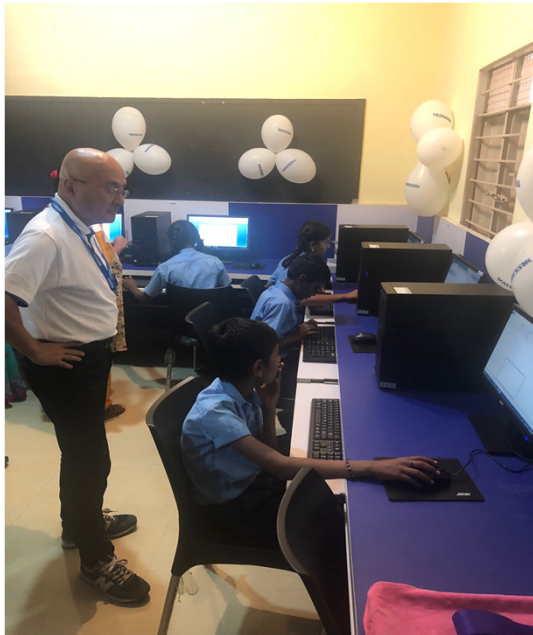

Education Initiative

YIND recognises education as one of the building blocks of the nation. It is the means that develops the ability of an individual to examine the alternatives and make the best choice for oneself.

Promotion of Computer Education Among Youth

Construction of computer lab, desk top computers along with computer tables & chairs were provided at school.

Program conducted @ Bangalore

Employability Initiative

YIND took a holistic consideration of factors that poor might be vulnerable to; assets and resources that help them thrive and survive; policies and institutions that impact their livelihoods; how the poor respond to threats and opportunities, and what sort of outcomes the poor aspire to see.

Program conducted @ Bangalore & Gurgaon

Health Initiative

The initiatives of all fulcrums have touched and improved the lives of socially deprived people. Providing Access to Safe Drinking Water thru RO plant system installed for safe and pure drinking water, resulting in reduction of atleast 20-25% of water related health issues for school children

Program conducted @ Chennai

Environment Initiative

YINDs initiative towards Green energy by using renewable energy technology ensures that are reducing carbon footprint and doing part for reducing global warming. Using a single solar/renewable product for energy requirement for a year can save one tree at least. Installed 1000Ltr Solar water heater for providing hot water for children on their day to day usage.

Program conducted @ Pune

CSR Spent for the year 2018-19

YASKAWA India, focus on CSR has been on designing and deploying sustainable programmes, where the community takes ownership of the programs in the true spirit of participatory development. There is sharper emphasis on capacity building of the community, which has led to better impact of programmes on Education, health and environment.

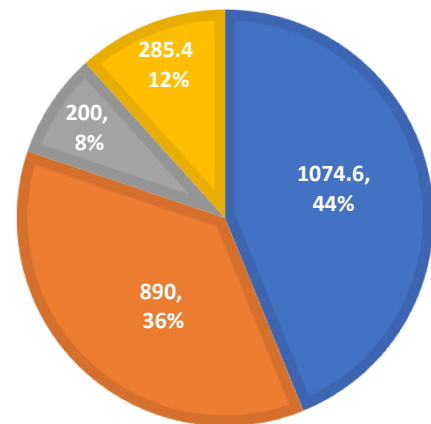

YIND is working to develop an Aspirational Strategy for all its locations which would lay down the goals which the community would attain in its pursuit of socio-economic empowerment. Tata Power would continue to facilitate the process of development through collaborative processes, and seeking and sharing knowledge from key stakeholders."
