

Yaskawa India, Robotics Customer Seminar, Gurugram – 2019

A 350 plus customers and strategic business partners showcased their trust and relationship with Yaskawa in its long journey of growth

Robotic division of Yaskawa India Pvt Ltd, an Indian subsidiary of Yaskawa Electric Corporation, Japan organised its Customer Seminar at Hotel Hyatt Regency, Manesar to strengthen its bonds with customers and strategic business partners and to show its appreciation for their support in jointly achieving 2018 goals.

With fortitude to always act as an efficiency partner to its customers, the theme of the seminar 'your productivity partner' concluded the whole event making the aura flourishing and keeping the determination and enthusiasm of the gathering high to achieve 2020 vision. The event theme talked about how Yaskawa is trying to be a productivity partner of Indian industry by offering world's best products, excellence in engineering, innovation, after sales support and proximity.

A huge audience of 350 plus customers and strategic business partners showcased their trust and relationship with Yaskawa in its long journey of growth.

The event commenced with an auspicious lamp lighting ceremony which was attended by who's who of Indian industry and representatives from Embassy of Japan and Japan Plus along with Akinori Urakawa – President and CEO of Yaskawa India Pvt Ltd. The

dignitaries include P Soni – Director and CEO of SKH Group, Sanjay Bassi – Head of Corporate Sourcing of JBM Group, Yuichi Koshikawa – Second Secretary, Embassy of Japan and Tomoyoshi Hisamori – Japan Plus, Department of Industrial Policy and Promotion.

As the event moved further, an audience was amazed when Ajay Gurjar, Dy. COO Yaskawa India (Robotic Division), arrived on stage with MOTOMINI, the world's smallest and lightest robot to address the audience. During his presentation on "Yaskawa - your productivity partner" he talked about entire range of robotic offerings, AC Drives and Servo and Motion control products, Industry 4.0, i3 Mechatronics, system engineering, after sales and regional support model of Yaskawa. Initiatives taken by Yaskawa in establishing Robotic Centre of Excellence in various engineering institutions and acknowledgement by Indian media was appreciated by the customers.

Distinguished clients, to name a few, who were present, include automotive giants like Suzuki Motorcycles, Hero MotoCorp, Honda Cars, Honda Motorcycles and Scooters and T-1 suppliers like JBM, SKH, Hema Engineering, KML, Minda, SIAC and many more. General Industry customers like Samsung, LG, Havel's and strategic business partners like Yaskawa-Doolim, Taikisha, Techanvia, Nexgen, PAPL who are specialised in various robotics applications and do business with Yaskawa robotics, were also in attendance.

Through customer voice, representatives from SKH (Sanjay Koul – Head of Corporate Sourcing) and JBM (M.S. Rawat- Plant Head) validated Yaskawa India Robotics for their services, products and 24/7 support. ⚙️
